- Gorgona is the smallest island of the Tuscan Archipelago
- House of Detention (work) since 1869
- National Park since 1998
- About 70 detainees who work with the land, animals and other activities

Laropean Congress for Integrative Medicine (ECIM 2012) - Firenze, 21-22 Settembre 2012

## Health organization

In Gorgona is a health post with a doctor and a nurse always present.

They take care of the prison population and not.

Animals are followed by a veterinarian - 1 or more once a week-go on the island.

Human and non-human, in Gorgona, can be treated with homeopathic and phytotherapeutic using local resources.

5th European Congress for Integrative Medicine (ECIM 2012) - Firenze, 21-22 Settembre 2012

# The homeopathic root

Homeopathic medicine was introduced in 1993 for the care of animals
